

Police Officer's and Firefighter's Survivor Tuition Program

Program Requirements and Instructions for the APPLICATION FOR TUITION WAIVER

2007-2008 School Year

Michigan Commission on Law Enforcement Standards

P.A. 195 of 1996

Public Act 195 of 1996, the Police Officer's and Firefighter's Survivor Tuition Act, provides for the waiver of tuition at public community and junior colleges and state universities for the surviving spouse and children of Michigan police officers and firefighters killed in the line of duty. The program is intended to provide an educational benefit to the spouse and children of police officers and firefighters who made the ultimate sacrifice for their communities and the citizens of Michigan. Beginning with the academic year 1996-97, tuition will be waived for eligible survivors enrolled in classes leading to a certificate or undergraduate degree.

The Michigan Commission on Law Enforcement Standards (MCOLES) division of the Michigan Department of State Police is responsible for the administration of this program.

Eligibility Requirements

To be eligible, the person applying must be the spouse or child (natural or adopted) of a Michigan police officer or firefighter who was killed in the line of duty. A child must be less than age 21 at the time of the police officer's or firefighter's death.

The deceased police officer must have been a sheriff or sheriff deputy, village or township marshal, a police officer of any city, village, or township, an officer of the state police, or any other police officer trained and certified pursuant to the Commission on Law Enforcement Standards Act.

The deceased firefighter must have been a member, volunteer or paid, of a fire department or other organization that provides fire suppression or other fire-related services, of a city, township, village, or county, which is responsible for extinguishment of fires. This does not include a person whose job description, duties, or responsibilities did not include direct involvement in fire suppression.

The death must have been the direct and proximate result of a traumatic injury incurred in the line of duty. Traumatic injury is defined as a wound or condition of the body caused by external force, including, but not limited to, an injury inflicted by bullet, explosive, sharp instrument, blunt object, or other physical blow, fire, smoke, chemical, electricity, climatic condition, infectious disease, radiation, or bacteria, but excluding injury resulting from stress, strain, or occupational disease.

- Be certified by the financial aid officer of the eligible college or university that the waiver is needed to meet education expenses. The child's or surviving spouse's family income, excluding any income from death benefits attributable to the police officer's or firefighter's death, must be below 400% of the federal poverty level.
